

DETAILS

MAKE: BURSTNER

No: 1/73

The Nexxo A570 is a recent edition to Burstner's 2008 range of family motorhomes on a Ford 2.2 Diesel chassis with 130Bhp, front wheel drive, cruise control and an electric cab and cab air-conditioning. With 5 berths and 4 belted seats this motorhome has a fixed king size bed in the front cab with a strut-support base to allow for extra headroom when not in use. Bunk beds are located to the rear and are fitted with quality foam mattresses. The bottom bunk can also be folded away to accommodate storage when in transit. The washroom has a very clever design with a shower curtain that folds away neatly into a pleated blind when not in use. The washbasin also swivels 180 degrees when shower is in use, and vented heating is also installed. The kitchen is fully equipped with a 3-burner hob, oven/grill and fridge with full width freezer. The dining area converts into a bed suitable for a child and with a side facing lounge comfortably seats five. The interior has a very luxurious wipe clean suede effect upholstery and stylish pear wood finishes. This reliable motorhome has an impressive quality finish and was designed to accommodate a family at a very competitive price.

DIMENSIONS: Length x Width x Height: 670cm x 240cm x 294cm inc. mirrors and bike rack.
