Continuous Pursuit of Perfection

**“Westfalia quality is a promise”
not just a marketing term**

Westfalia

Westfalia first stepped into the ring over 60 years ago with their innovative German built campers; they've been one of the leading names in the camper van conversion business ever since, constantly maintaining the comfort, style and dependability that's now synonymous with the brand.

At the top of their game in the specialist area of van conversions, Westfalia sport a range of luxury compact touring vans which are versatile and adequately equipped to take you anywhere. With over 6 decades of expertise under their belt, Westfalia's success can be attributed to their continuous pursuit of perfection.

They're passionate about what they do and they know what camper van fans want and love, so they keep one step ahead of things to make sure every

model they bring to the arena is of the highest quality. Westfalia give you freedom to roam, nights of restful sleep, and the ease of living that makes for relaxing holidays you'll always remember.

Take it from us – nobody builds campers the way Westfalia do; the eye for detail and the design that keeps pace with modern life is sheer genius built on years of experience with first-rate quality and practicality always coming first. We're proud to be agents for this first class brand.
